

# Cairnsmore Goat, Grapes, Walnut and Scottish Bee Company Heather Honey Dressing

Recipe by Rory Lovie

**serves 4**

4x50g Cairnsmore goat  
cheese or any other hard  
goats cheese  
50g Walnuts  
25ml Scottish Bee Company  
Heather Honey  
50ml Summer Harvest  
Rapeseed Oil  
10 Red Grapes  
2 sprigs of Rosemary

*To make the dish...*

First make the dressing by whisking the honey and rapeseed oil together. It should be quite a thickish dressing but you can loosen it with a little bit of cold water. Roughly Crush the walnuts and add to the dressing and give a good stir until well combined.

Slice the grape in half and keep to one side while you plate up.

Place the pieces of goats cheese in to the middle of a side plates. Place about 5 grape halves around each piece. Drizzle the dressing over and around and garnish with a few sprigs of rosemary.
